: STATUS UNDER 37 CFR 1.47(a)

:

This is in response to the petition under 37 CFR 1.47(a), filed June 3, 1997.

This is also in response to the "Petition to Correct Inventorship Pursuant to 37 CFR 1.47(a)," filed December 30, 1999.

The petition under 37 CFR 1.47(a), filed June 3, 1997, is **granted**.

The "Petition to Correct Inventorship Pursuant to 37 CFR 1.47(a)," filed December 30, 1999, is **dismissed as moot**.

In the original petition, petitioner has shown that the non-signing inventor has refused to join in the filing of the above-identified application after having been presented with the application papers. Specifically, the "Declaration of Facts" of Carmella L. Stephens established that the inventor was mailed the application papers, including the specification, claims and drawings, but failed to respond to the request that she sign the Declaration.

The above-identified application and papers have been reviewed and found in compliance with 37 CFR 1.47(a). This application is hereby **accorded Rule 1.47(a) status**.

As provided in Rule 1.47(a), this Office will forward notice of this application's filing to the non-signing inventor at the address given in the petition. Notice of the filing of this application will also be published in the Official Gazette.

As to the "Petition to Correct Inventorship Pursuant to 37 CFR 1.47(a)," filed December 30, 1999, the petition is unnecessary because the application has been granted Rule 1.47(a) status. Therefore, the petition is dismissed as moot. The Substitute Declaration of December 30, 1999, will remain in the file for the Examiner's review.

The Office will retain the \$130.00 petition fee submitted on December 30, 1999, because Office records indicate that petitioner did not submit the fee with the petition of June 3, 1997.

The file is being forwarded to Technology Center 1600 for further processing of the application.

Telephone inquiries regarding this decision should be directed to Petitions Attorney Christina T. Tartera at (703) 306-5589.
